NIDM/IDRN/Letters/2021
July 05, 2021

To,

The Chief Secretary of States / UTs
(As per list attached)

Subject: **Regarding updation of India Disaster Resource Network (IDRN) portal 1st June 2021 to 30 June, 2021.**

Dear Sir,

The India Disaster Resource Network (IDRN) is a web based platform for managing the inventory of equipment, skilled human resources and critical supplies for emergency response. It was initiated by Ministry of Home Affairs (MHA) under the GOI - UNDP Disaster Risk Management (DRM) Programme, to build up a **systematic inventory of equipment and skilled human resources so that disaster managers can find the location and details of the resources for immediate response.**

2. National Institute of Disaster Management (NIDM), Ministry of Home Affairs, Government of India, has been managing the IDRN Portal since June 2008. The online inventory of resources i.e., IDRN, is hosted in the National Informatics Centre (NIC), New Delhi. NIDM is responsible for maintaining and monitoring the data and the portal. Authorized government officers have access to the Portal and the District Authorities are authorized for uploading and updating the data after collecting it from various line departments of their respective districts.

3. The updation of the information on IDRN Portal is the responsibility of the District Authorities. NIDM has been repeatedly requesting the States through letters/ emails / Telephone, etc., for regular updation of the data in IDRN portal. It is however, observed that some of districts are yet to update their data on regular basis. In the absence of regular updates, the available data may be of little use during emergencies. Status of the data entered/updated, along with date of updation by various districts of your state is enclosed for information.
